The Weller Family

NYC's Best Tour Value OnBoard Tours offers the Only Comprehensive Guided Tour of New York City. We provide our customers with more personal attention and better customer service, which sets us apart from the competition.

Free Refreshments We provide free bottled water on ice for our customers. No one else offers this convenience.

Best NYC Tour Guides A licensed tour guide stays with you the entire time and gives you the history of each New York City attraction or landmark. Our tour guides are the strength of our company.

Don't Leave Your Tour Guide on a Bus This is not one of those confusing “hop-on/off tours” that leaves you on your own without a tour guide. Your tour guide and tour shuttle will stay with you the entire time - even when you get off to look at and hear about all the NYC attractions. No waiting for the next bus. This one fact sets us apart from the other tour companies in New York City, and is the primary reason our customers rave about our tours.

Smaller Tour Groups By limiting the size of our tour groups and using a smaller shuttle, we have created a more intimate tour experience for our customers. Why pack onto a full sized bus when you can tour in the comfort of an OnBoard Tour Shuttle?

The Hottest Tour in NYC Our climate-controlled shuttles are warm in winter and cool in summer. Who wants to be on a double-decker bus or open-air trolley in the rain, snow, or sleet?
